

Dr. Gordon Hasick's Retirement Announcement

My retirement from clinical practice July 1, 2026 is a transition that represents the closing of one chapter and the thoughtful beginning of another. It has been a privilege to serve you over these many years, and I remain committed to ensuring that your care continues with my trusted colleagues who share the same standards and clinical intent.

Dr. Chesney has recently achieved Board Certification in the NUCCA procedure becoming only the **third Board Certified NUCCA doctor in Canada**. He will be relocating from Edmonton to Calgary in July to join Vibe Health & Spine, where he will have the greatest availability to welcome patients transitioning from my practice. I am confident you will find him to be a highly skilled, thoughtful, and dedicated doctor.
- **Dr. Hunter** has been providing NUCCA spinal care in Calgary since 2003. She worked with me for eight years at the Britannia Clinic and currently provides my personal NUCCA care.
- **Dr. Bohemier** has practiced since 2006 and is a dedicated practitioner with a long family history of chiropractors. He is motivated by the personal results he experienced with NUCCA care for his headaches and dedicates additional time to further education.
